Pregnant & Alone: Sweet Little Amour and 7 Her Pups

Poor little Amour was living on the streets of Colton for weeks. Everyone turned a blind eye. Neighborhood kids threw rocks at her. **Dirty and hungry, she curled up in a ball and tried to stay invisible.** She hid under cars and in the bushes trying to stay safe, but **always hungry.**

Fortunately, a kind couple noticed she was **very, very pregnant.** Could she be looking for a place to have a babies? Someplace safe?

Mary and Joe sprang into action. Knowing that her fate would be sealed if they took her to the animal shelter **they brought her to S.C.C.A.T.** while we were doing our adoptions at PetSmart.

Dirty, hungry, and desperate—Amour was the **sweetest little dog ever!!** And so well-behaved, quiet, and grateful it was unbelievable.

One week later, the **proud mama had seven puppies.** Five little girls and two boys. She is the best mama you could ever want. We hope in 8 to 10 weeks, you might want to **add sweet little Amour** and/or **one of these little darlings to your loving home!?**

S.C.C.A.T. is supported solely by donations. Our small adoption fees all go toward saving and adopting the next animal. Right now we are even **struggling to feed and treat all the animals** we take care of.

Please help!!!
